MARTIAL LAW TRIED IN CHICAGO TODAY.

SOLDIERS GIVEN THE POWER TO ARREST.

President's Proclamation Was Not a Formal Suspension of Civil Processes But Was Almost Its Equivalent—No Serious Outbreaks Reported in any Part of the City.

CHICAGO, July 9.—Everything is quiet around the stock yards today and no trouble has been reported from any part of the city. Some three thousand additional regulars will be in the city before night. The first of them arrived at noon today from the west.

The city is practically under military law today. The president's proclamation demanding that people otherwise engaged do not congregate in the streets or public places especially refers to railroad yards. The military has a right to make arrests without court process. Orders have been given to shoot all rioters. The president's proclamation reads as follows:

"In view of the provisions of the statutes and for the purpose of giving ample warning to all innocent and well-disposed persons, the President has deemed it best to issue a proclamation to-night. This does not change the scope of your authority and duties, nor your relation to the local authorities. You will please make this known to Mayor Hopkins."

The proclamation of the President declares the necessity for severe action and warns alll law abiding citizens to remain away from scenes of riot. The proclamation concludes: "While there will be hesitation or vacillation in the decisive treatment of the guilty, this warning is especially intended to protect and save the innocent."

The President's proclamation is the action which Gen. Miles has desired from the beginning, as it will give him more ample authority in the city. The action taken by the President is considered equivalent to a declaration of martial law.

REFUSE TO WORK AT TERRE HAUTE

Big Four Will Fill the Places of Strikers —Fire at Danville.

TERRE HAUTE, Ind., July 9.—General Superintendent Van Winkle of the Big Four left here yesterday with the understanding that the freight handlers, freight clerks and switchmen who went out a week ago will not return to work. He had a long conference with them, but they decided not to accept his offer to return at once to prevent the company employing men to take their places. They were notified that this would be done, and the new forces are expected here to-day. General Superintendent Broughton received word that eleven Chicago & Eastern Illinois and five Big Four freight cars were burned at Danville to-day.

Grand Master Sargent yesterday received word that the firemen on the Southern Pacific, east of El Paso, were about persuaded to go out. The reports to him from Memphis and Birmingham, Ala., indicate that the strike fever is spreading in the south.

BACK TO WORK AT ST. LOUIS.

Striking Yardmen and Switchmen Give Up the Fight—Traffic Resumed.

ST. LOUIS, Mo., July 9.—The railroad strike, so far as St. Louis is concerned, may be said practically to be approaching an end, and the only desideratum now is ability to transfer to outlying railroads traffic originating here and hauled over divisions having St. Louis as the originating point. On the west side of the river the return of the Missouri Pacific switch and yard men has resulted in the trooping back to work of all but about forty of the 350 men hitherto engaged ih freight yard work in the various yards on the West Side. One exception is the Wabash railway, which is still crippled, but has so far progressed as to be prepared to start a way freight each way on each division. With these will come a test of whether the quiet at Decatvr, Ill., Moberly, Mo., and other outside division points indicates the end of the trouble here.

Massing Federal Troops at Chicago.

CHICAGO, July 9.—To-day's sun shone down on the warlike accouterments of 1,000 additional United States tsoops, who arrived in Chicago during the From Fort Riley, Kan., four troops of cavalry and three batteries of artillery came. The detachment comprisus 380 men. A squadron of the Ninth cavalry and one of the Sixth cavalry, consisting of 200 men, left Fort Niobrara, Neb., at 4 o'clock Saturday afternoon. There are 200 men in the body. Companies A, B, C, D, E, F, G, and H of the Ninth infantry from Sackett's Harbor, N. Y., passed Buffalo en route to Chicago last night. One company of the same regiment comes from Oswego, N. Y.

NEW YORK, July 9.—Major-General O. O. Howard, in command of the department of tne east, sent the Ninth regiment, U. S. A., to Fort Sheridan yesterday. He is preparing to send more.

Strike Talk at Boston.

BOSTON, MASS., July 9.—A big meeting was held on the common yesterday afternoon at which strike talk flowed freely. Resolutions were adopted denouncing the action of Cleveland, in sending troops to Chicago. The meeting adjourned cheering for the strikers in the west.

PROVIDENCE, R. I., July 9.—Seventy-three delegates to the New England Alliance Knights of Labor met here yesterday. Resolutions denouncing G. M. Pullman, praising the American Railway Union, indorsing the stand taken by General Master Workman Sovereign, and condemning President Cleveland for sending regular troops to Chicago were unanimously adopted.

BROCKTON, Mass., July 9.—The Central Labor Union held a crowded meeting yesterday afternoon. Fervid resolutions against the Pullmrn company and President Cleveland, as well as others in favor of the American Railway Union and the government control of railroads were adopted.

Cavalrymen Between Two Fires.

TACOMA, Wash., July 9.—Troop A of Sprague, the finest body of cavalrymen in the state National guard brigade, composed of sixty men, refused to ride with nonunion crews, and were at once placed under arrest and locked in a box car. Sprague is a railroad town, and in dispatches from that town it was stated that the fathers of the cavalrymen would disown them if they rode with the nonunionists and that the entire community supported them. They determined not to go forward with the nonunion men. All os the cavalrymen except the officers joined the meeting.

Pullmans Derailed at Lafayette.

LAFAYETTE, Ind., July 9.—Train No. 3 on the Monon. due here at 1 a. m., ran into an open switch on the outskirts of the city and two Pullman sleepers were derailed.

NASHVILLE, Tenn., July 9.—An attempt was made to wreck the incoming passenger train from Louisville, due here at 9 p. m. last night, fifteen miles from this city. A switch had had been tampered with and turned wrong, and the signal changed so as to indicate a clear track. The train ran into the switch, but fortunately kept the track and no harm was done.

Detroit Open to Passengers.

DETROIT, Mich., July 9.—Passenger trains are moving with almost their usual regularity in Detroit. At a meeting of railway employes it was decided that the brotherhoods would defend William Dirr, a fireman, who was arrested for alleged interference with employes of a train in their duty. At Port Huron the Grand Trunk freight handlers refused longer to handle freight, which will probably complete the freight blockade. Few of the Chicago and West Michigan mail trains are running on the southern division on account of lack of business.

President Debs in Danger.

WASHINGTON, July 9.—An official of the war department who is very close to the President and Gen. Schofield said last evening that at the cabinht conferences special attention was given to the laws bearing on the strikes in Chicago. It was stated that as soon as active operations of the troops could be stopped the legal machinery of the government would set in operation at once. The arrest of President Debs and other prominent labor leaders was urged by some of the cabinet.

Soldiers at Billings, Mont.

BILLINGS, Mont., July 9.—One company, Tenth cavalry, U. S. A., Capt. Reed, arrived at 1:45 yesterday from Fort Custer. All is quiet here.

SALT LAKE CITY, Utah, July 9.—The railroad situation is unchanged. Four companies of the Sixteenth infantry received orders to move and left Ogden yesterday. Two companies of the same regiment left here at 7 o'clock at night for Grand Junction, Colo., where strikers are reported destroying railroad property.

Troops on Guard in Alabama.

BIRMINGHAM, Ala., July 9—There is no change in the strike situation here. Gov. Jones after consultation with the sheriff and acting mayor ordered the militia to the scene. Four local companies are now on duty guarding the entrances to the union passenger station. The First and other regiments will be on hand before morning. Nearly all passenger trains left the city yesterday on time

Pullman Will Not Go to Chicago.

WATERTOWN, N. Y., July 9.—It is learned here that Mr. Pullman was in communication with Vice-President Wickes at Chicago and was informed that his presence in Chicago is not necessary. Mr. Pullman intended to start for Chicago at once if the situation took on a more serious aspect. He will remain at the Thousand Islands.

Buffalo Unions Express Sympathy.

BUFFALO, N. Y., July 9.—The Central Labor Union, composed of delegates from all the unions in the city, held a meeting yesterday and passed resolutions of sympathy with the strikers. The German Trades Assembly passed resolutions in which President Cleveland was called before the bar of labor.

Sixteen Companies for Hammond.

INDIANAPOLIS, Ind., July 9.—Sixteen companies of Indiana militia, 800 men in all, were started by special trains yesterday from diffent points in northern Indiana for Hammond. Gov. Matthews sent a dispatch to President Cleveland informing him of the situation and also asked Gov. Altgeld of Illinois for assistance, which was promised conditionally.

The militia that have arrived at Hammond are from Indianapolis, Greenfield, Elwood, Kokomo, Marion.

BLOOD AT HAMMOND FOLLOWED BY QUIET

NO DISTURBANCE SINCE THE SUNDAY BATTLE.

One Man Was Killed and Three Were Wounded—United States Regulars Shoot to Kill—Sixteen Companies of Militia Sent to the Scene—Illinois May Co-operate.

HAMMOND, Ind., July 9.—Riot broke forth in Hammond late Saturday night and raged until 3:30 p. m. Blood was shed as a direct attempt on the part of the strikers to interfere with the operation of a wrecking train in charge of Capt. W. I. Hartz of the Fifteenth infantry. The tuain had been sent out to clear the Monon tracks of box cars, passenger coaches, and other obstructions placed there by the rioters. The work progressed satisfactorily and only one box car remained. This was about one mile the other side of Hammond. While the wrecker was at work on this news came to Capt. Hartz that at a siding juncture between him and the city a mob was engaged in turning over a Pullman car, which would block the tracks behind him. The captain with some men at once went to the scene and ordered the mob to disperse. He was not obeyed and the shooting commenced. The crowd was dispersed after the second volley.

The dead:

FLEISCHER, CARL, carpenter, of Hammond; instantly killed.

The injured:

CAMPBELL, W. H., 245 Truman street; shot through the right side.

FLEMING, MISS, South Chicago; wounded above left knee.

SCITER, VICTOR, shot through the knee.

News of the conflict reached Chicago within a few minutes and a call for assistance reached Gen. Miles. A special on the Michigan Central was made up, and on it were placed three companies of regulars. It went through without any trouble and reached Hammond at 4:30, just as the wrecker was pulling out for Chicago. The arrival of the train had a wonderfully calming effect on the mob which surged around the depot, but it required a charge with fixed bayonets to finally clear the tracks.

Then the rioters turned their attention to blocking the various roads. This was done by overturning cars, and the mob kept at the work until every road leading through the town was effectually closed for the passage of trains.

Saturday the rioters were quiet and kept away from the railroad tracks. They held meetings, but attempted no interference with trains, even though Pullman cars were attached. When the news of the encounter between the militia and rioters at Chicago reached Hammond the strikers again sallied forth bent on mischief. At 7 o'clock the Michigan Central attempted to run freight train No. 53 to Chicago. While they were switching out some cars from the Hammond Packing company the crowds began to gather in small groups around the depot. The train was got in readiness and started without molestation, the crowd following eagerly expecting trouble.

However, they did not go farther than the state line, when the train was stopped by an infuriated mob and the engineer was asked to leave his engine. This he did without hesitation, but the strikers were not satisfied and fired stones, coupling pins and other missles at the engineer, fireman and brakeman. The engine was in charge of Engineer McLain, who was injured about the face and head. Fireman Cooper was also injured in a like manner, while Brakeman Nicol was dealt with more severely, he having been struck with a coupling pin over the left eye in addition to receiving several other bruises on the body. This ended all attempts toward running trains on the Michigan Central, as the sheriff and his deputies were unable to render any assistance.

At 9 o'clock a passenger train arrived on the Monon. Two Pullmans were cut off and the trainmen ordered to pull out. The Pullmans were put on a siding by the strikers, and later on partly destroyed. Then the rioters cut the telegraph wires, drove the operators out of town, and reigned supreme.

In the meantime the city authorities had become frightened, and as the two sreight trains were just inside the Illinois state line they appealed to Mayor Hopkins of Chicago for assistance. Companies B and M of the First regiment, I. N. G., on duty at Pullman, were ordered to Hammond by Mayor Hopkins. Capt. Barnett took the two companies to the scene by special train. They arrived in time to save the trains. The mob was driven back. The two trains were released and brought to Kensington.

At 4 o'clock Saturday morning the tracks were clear and delayed Michigan Central trains were sent out from Chicago. Later in the morning the trouble began again. The crowd began to gather in the vicinity of the Monon depot at 9 o'clock. Several freight cars were overturned and the Michigan Central tracks were again blockaded. News that the rioters were again gathering in force had been sent to the city, and company B of the Fifteenth infantry, numbering thirty-five men, was sent to the Indiana town. The result of their visit has been told.

ALL WILL WALK OUT TOMORROW AT 4

GENERAL STRIKE ORDERED BY CHICAGO UNIONS.

If the Railroad Troubles Are Not Adjusted Within Twenty Four Hours One Hundred and Fifty Thousand Men Will be Ordered Out By Their Leaders.

CHICAGO, July 9—Unless the present strike is settled by arbitration by 4 o'clock tomorrow afternoon most of the wage workers in the city will quit work at that hour. It is estimated that one hundred and fifty thousand will be idle. The typographical and brick layers' unions will not go out. Nearly six hundred delegates, representing every organized trade in Chicago, were present at the meeting which began last evening to consider the proposition of the entire body of organized labor in this city joining those already on a strike, and which at 2 o'clock this morning was still in session. Among the leaders present were J. R. Sovereign of the Knights of Labor, E. V. Debs of the American Railway Union, George Howard, vice-president of the same organization; James McBride, president of the Miners' National Organization; W. D. Prescott, president of the Typographical Union; James Mahan, president of the National Organization of the Street Car Men; M. H. Madden of the State Federation of Labor; Richard Powers, president of the Seamen's union; James O'Connell, president of the Machinists' Organization; and E. G. Martin, president of the executive board of the Knights of Labor.

It looks as if a strike might be ordered, but probably attended with conditions. The leaders reasoned that it would be better policy to hold off a little longer and secure the co-operation of some cities in the east as well as one or two in the west, it being believed that the labor organizations in Cincinnati were about ready to come to the support of the American Railway Union.

Another condition was that it would be wise before ordering out all the unions to make a proposition to the Railroad Managers' association to force Pullman to arbitrate. It was suggested that a committee be appointed headed by Mayor Hopkins and composed of several prominent citizens, and requested to wait on the General Managers' association and state that if an arbitration could not be brought about the entire power of organized labor would be brought into command by the issuing of an order directing every trade to quit work. The meeting was enthusiastic and its temper seemed to be to vote a strike, some favoring conditions mentioned in the foregoing, while the more radical wanted to quit work at once.

President Green of the National machine Wood Workers' union telegraphed as follows: "Order all men out. This fight must be won." This message was read in the meeting and loudly cheered.

MINERS ON A TOUR OF RIOT

Troops Sent to Quell Illinois Outbreaks—Mob Wreck Company Stores.

PRINCETON, Ill., July 9.—The general merchandise store of the Whitebreast Fuel company at Ladd was thoroughly looted last night by a mob of 1,200 miners from Spring Valley. The stock was valued at $30,000 and will be a complete loss. The mob was composed of Lithuanians, Poles, Belgians and Italians, being of the same class that has caused the depredations at Spring Nalley, and most of them being the same men.

At 6 o'clock the men began drifting out of Spring Valley in small squads and made their way through fields to Ladd, about four miles distant. By 8 o'clock a mob of about 1,200 men had gathered around the coal company's store. At a signal of their leader a volley of stones was hurled through the large plate glass windows and the men in a body broke for the building. The work of carrying off the goods was commenced at once. Some of the miners went to the barns of the storekeepers and taking their delivery wagons hauled off load after load of goods. For four hours the work was kept up, and when the men had carried off all the goods they could take care of the hose of the city water department was turned on and the remnants left in the store were given a thorough soaking, and everything spoiled. The building itself would have been burned had it not been for the fact that a family lives on the second floor.

Following the destruction of the company stores at Spring Valley and Ladd, the miners determined to loot the company store at Seatonville. For this purpose a division left Spring Valley and Ladd in small groups, and by 7 o'clock a force of several hundred had massed on the bluffs near Seatonville. In the meantime Sheriff Cox returned to Princeton, and by ringing the fire bell brought out a crowd of people, from whom eighty were selected and deputized. They were also furnished with the rifles and ammunition that the government had furnished, and started in wagons for Seatonville. Arriving at the latter place at 7:30 o'clock, the men were given a position near the company store. The miners sent out scouts, and, upon learning the strength of the deputies retreated to Spring Valley. The deputies then pressed on and reached Spring Valley. They were reinforced by an additionrl posse of fifty-five men, who left Princeton at 10 o'clock. These men are armed with shotguns and rifles.

A report was current here that a division of 400 miners was on its way to Princeton, and as a result a home guard of 125 men has been organized. Valuable property of all kinds is being secreted at Seatonville. It is a village of 1,200, but there were scarcely enough women left in the town to prepare supper for the deputies. Vehicles of all kinds have been pressed into service to get the people away. Wild stories of every description have been circulated that have added greatly to the excitement.

It was resolved at a meeting to effectually stop traffic on the railroads passing through Spring Valley, and the meeting broke up for the purpose of carrying out the resolutions. Going to a point a half-mile south of the depot, the tracks of the Chicago, Rock Island & Pacific railroad was obstructed by placing a large quantity of timber and stones on it. The way car of a freight train that was standing in the depot was set upon and completely riddled by picks.

The telegraph wires were also cut and the telegraph operators at the Rock Island and other depots were run out of town. It is estimated that the riotous miners in Spring Valley number upward of 3,000. Many residences were sacked.

TROOPS SENT TO SCENE OF RIOTING.

Two Companies Will Help the Sheriffs Subdue the Miners.

SPRINGFIELD, Ill., July 9.—B. F. Cox, sheriff of Bureau county, last night wired the governor from Princeton asking for troops and the governor telegraphed that two companies would be sent. The governor ordered the troops to assist the marshal and then report back to the sheriff. The governor had intended to order the Danville troops home last night, but on representation of the sheriff that the condition is still threatening there, he ordered them to remain at Danville.

GALESBURG, Ill., July 9.—Company C, Sixth infantry, left last night for Spring Valley to assist in preserving order.

ROCK ISLAND, Ill., July 9.—The Rodman Rifles, Company A, received orders last night to proceed at once for Spring Nalley to aid the sheriffs of Bureau and La Salle counties in preserving order. The compano left fifty strong in charge of Capt. Cook.

CITIZENS ARMING.

Attacks Expected at LaSalle and Peru from the Miners.

LASALLE, Ill., July 9.—Excitement is at fever heat in LaSalle and Peru. The citizens in both places are organizing and arming themselves to resist any invasion of the rioters that have been terrorizing Spring Valley and Ladd for the last two days. The regular police force has been doubled and pickets on horseback are patroling the roads leading into the city. If the rioters come blood will be shed.

The Spring Valley rioters commenced their work yesterday afternoon by stoning a freight train that passed through there at 5 o'clock. All the windows in the cab and caboose were smashed, but fortunately no one was injured. Later on they broke into the Henning brewery and looted it.

Men of Ottawa Off to the Rescue.

OTTAWA, Ill., July 9.—Sheriff Taylor, with fifty deputies armed with repeating rifles, left for Peru on a special train last evening to intercept a mob of Italians, Huns, and other foreigners, who, after looting the stores of Spring Valley and sacking the coal companp's store at Ladd, started 2,000 strong to march across the country to rob and destroy the coal companies' stores at La Salle, Peru, Oglesby and Jones' station. Sheriff Tayor says he will intercept the mob at the county line, and if they dare to cross it he will strew the prairies with dead men.

Strikers Rulers at Cleveland.

CLEVELAND, Ohio, July 9.—An effort will be made to-day to move the freight trains which are lying dead in the yards. The first effort will be in the Big Four yards, but there is no indication of a resumption of traffic in time to prevent great loss by the closing of mills and factories and the enhancement of the price of meat and other food products. In more than one establishment the employes have been informed that they are at any time liable to be thrown out of emploment. Between 200 and 300 Big Four employes, excepting engineers, met and decided to continue the strike, remaining out until their local grievances, chief of which is a 10 per cent cut in wages, are adjusted. The freight conductors on all roads have also decided to join the strike.

Trains Moving Well at Omaha.

OMAHA, Neb., July 9.—From a railroad standpoint Omaha was unusually quiet yesterday, many of the railroads sending out trains with the usual regularity. Two companies of troops have reached Rock Springs, which, with the one company that has been stationed there for some time, gives a Federal force of nearly 200 men at that point. Four companies have reached Ogden from Fort Douglas and the company is arranging to mass other troops wherever needed, at Pocatello, Green River, and Evanston.

CALLS HIM CRAZY FOR LOVING HER

MONROE GIRL HAS A SUITOR'S SANITY TESTED.

Miss Maggie Mather Declares That Martin A. Neegan, a Well-To-Do Farmer Must Be Mentally Unsound Because He Insists Upon Making Her His Wife.

MONROE, July 9.—Miss Maggie Mather is a peculiar girl. Because Martin A. Neegan insists on marrying her she says he is insane. Neegan, who is a well-known farmer was brought to the city today charged with being insane on complaint of Miss Mather. An examination was made by Drs. Confer and Moyer and he was pronounced sane. The complainant was not satisfied and Neegan was taken before S. W. Abbott and put under bonds to keep the peace. He is infatuated with the girl and insists on marrying her. In 1891 he was convicted of assaulting her and of late he has attempted twice. He writes threatening letters to her and says he will kill her if she does not marry him. He has purchased a revolver but has not succeeded in getting cartridges.

BASEBALL.

Will Be No Strike at Aurora.

AURORA, Ill., July 9.—There will be no strike in Aurora. That was practically settled last night by a meeting of the newly organized American Railway Union. Last night it was found ties had been placed on the Chicago, Burlington & Quincy trrcks here for the purpose of wrecking a train. Considerable apprehension is felt that the prevailing guerrilla warfare may reach this city, and as a precaution a large number of special police are guarding the railroad shops, and the company spiked a number of its switches to-day.

Remain in Jail at Milwaukee.

MILWAUKEE, Wis., July 9.—United States Court Commissioner Bloodgood held court yesterday to give a preliminary hearing to the American Railway Union men under arrest here, but could do nothing as it was Sunday. It was quiet in the railroad yards yesterday, but the arrests of the leaders has only served to embitter the strikers. Several meetings were held, at all of of which the railroad officials were bitterly denounced, as was also United States Marshal Prat for swearing in St. Paul railroad detectives as United States deputy marshals.

Will Tie Up Toledo Tight.

TOLEDO, Ohio, July 9.—There are nearly 7,000 men directly connected with the twenty roads running into and through Toledo, and while these roads are manned by union men generally, up to a few days ago the American Railway Union was little known here. Emissaries of the order are hard at work making converts, and have succeeded in enrolling large numbers. While it was decided not to make any demonstrations, arrangements are being made to order all employes of every road out Tuesday morning.

Work Is Resumed at Joliet.

JOLIET, Ill., July 9.—The railroad situation has maverially improved in Joliet, but there is considerable apprehension. The Chicago & Alton will resume its passenger and freight service, all crews having been notified. The striking switchmen have returned.

Engineers Will Not Come Out.

ROANOKE, Va., July 9.—At a meeting held here of the Brotherhood of Locomotive Engineers, employes of the Norfolk & Western railroad, it was decided by that body to remain at their posts and to take no part in the strike.

Situation at Leadville Is Good.

LEADVILLE, Colo., July 9.—There is no change in the strike situation here. The Santa Fe Midland trains are running regularly east and west, while the South Park road is running between Denver and Leadville. The Rio Grande is completely tied up.

Either Union Men or Soldiers.

SIOUX CITY, Iowa, June 9.—Sioux City Typographical union yesterday expelled two of its members who were militiamen and who turned out when the sheriff ordered out the company here.

FLEW TO GREEN BAY FROM JANESVILLE.

HOMING PIGEONS MAKE THE FLIGHT IN 3:54.

Fifteen of the Birds Liberated by Charles P. McLean Shortly After 7 O'clock—They Reached Their Cotes in Green Bay at 11:09—Not a Fast Trip.

The start made by the Green Bay homing pigeons from Janesville to Green Bay Sunday morning was quite interesting. The birds were three hours and fifty-five minutes in making the flight of 140 miles, they being liberated here at 7:15 o'clock Sunday morning, and arriving at their cote in Green Bay at 11:09. The average speed was only 1,050 yards a minute, which is not considered rapid for this class of birds.

The birds were sent to C. P. McLean, the local agent of the American Express Co., with instructions to liberate them on Sunday morning twenty minutes after feeding. They did not reach Janesville until 10 o'clock Saturday night, consequently only a few people were informed in time to see the birds make a start.

The little basket in which the fifteen birds were imprisoned was taken out on the lawn at Mr. McLean's home, the wicket raised, and the birds flew out as if shot out of a gun. Reaching an altitude just above the roof of the dwelling they all made a small circle, following an apparent leader. Flying around this circle two or three times the birds suddenly took an upward flight until they were about one thousand feet high, and did not appear larger than the English sparrows. At this altitude their flight was in a large circle which covered the greater portion of the city. The birds made this circle two or three times and then the leader started in a northeasterly line, all the birds following, forming into a flock something like a flock of ducks or geese. Their flight after leaving the large circle was quite rapid and they were soon lost in the distance, the most powerful glasses in the city being used to watch their flight and the course taken. They appeared to remain about one thousand feet from earth, and kept very close together.

LOCAL BASE BALL NEWS.

Athletics Did Not Play Yesterday—Y. M. C. A. Nine to Meet Business Men.

Athetics did not play the picked nine yesterday afternoon. The inducements were not heavy enough.

All-Sullivans Are Winners.

The All-Sullivans beat the C. M. & St. Paul nine on Snipe hill Saturday afternoon. The score was 49 to 8. The All-Sullivans are as follows:

Tim Sullivan, captain and catch; Mike Sullivan, pitch and short stop; Tom Sullivan, short stop and pitch; Dennis Sullivan, first base; Jerry Sullivan, second base; James Sullivan, third base; John Sullivan, left field; Dennis Sullivan, center field; Dan Sullivan, right field. Schicker and Slightam comprised the battery for the railroad employes. The All-Sullivans are now looking for a better nine to tackle.

Barbers Beat the Plumbers.

Janesville barbers and plumbers played at Athletic park yesterday afternoon. The barbers were victorious by a score of 37 to 32 in five innings. Kober and Kepplenger played the points for the razor-wielders and Harry George and George Slightam constituted the plumbers' battery. The time of the game was about 2:30.

Business Men and Y. M. C. A.

Business men will play the Y. M. C. A. nine at Athletic park this week. The receipts will swell the Y. M. C. A. building grounds. An effort will be made to bring the Stoughton nine here for a game with the Y. M. C. A.'s in a week or two. The Stoughton crowd lost about $100 on the game there July 4 when the Janesville boys had to leave at the end of the fourth inning in order to catch a train. "We made arrangements to stop in time for that train before the game began," said Manager J. C. Kline. "The Stoughton club understood it but they asked us to say nothing about it as it would make the crowd smaller. When the fourth inning ended the bus was waiting for us and we had to go without regard to how the inning stood."

ZEIGLER'S "SEVEN DOLLAR" SALE

Fourth Annual Clear-Out Sale of Men's Summer Suits Begins Tomorrow.

Commencing tomorrow we will hold our fourth annual $7 suit sale. For the past three years we have had a July clearing sale of all our summer suits and have each time put together all broken sizes in men's suits consisting of lots of one, two or perhaps three of a kind and made a uniform price of $7 for choice of any suit. What has been the result each time. Hundreds of men in Janesville and vicinity have come to our store and taken away suits which have formelly sold at $12, $15, $18, $20 and $25. Our object is to clear out all lots of broken suits, and do it quickly. Not a suit in the lot worth less than advertized. Your money cheerfully refunded if you are not perfectly satisfied.

T. J. ZIEGLER.

Moonlight Excursion.

Twenty-mile ride for ten cents. The Steamer Mayflower will leave her dock at 7:30 p. m. Tuesday, Wednesday, Thursday and Friday, weather permitting, for a trip ten miles up the river, returning at 10 o'clock. Everybody is invited.

PATRIARCHS IN HIGH PLACES.

Installation Ceremonies Conducted By Rock River Emcampment

The officers of Rock River Encampment No. 3, I. O. O. F., were installed at the last regular meeting, Deputy Grand Patriarch J. F. Hutchinson being the installing officer. The official list is as follows.

Chief Patriarch—Fred Young.

The Real Demon of the Marsh

Is not a spook, but a reality. It is neither a "bogie" nor a "kelpie," nor any other of those spirits which the credulous have supposed to haunt the banks of rivers and streams after dusk. Its name is malaria, and though invisible, it is very terrible and tenacious when it siezes you. Hostetter's Stomach Bitters drives it away, nor will it attack those whose systems are fortified with the great medicinal defensive agent. The miasmatic mists of early morning, the vapors exhaled at eventide may be safely breathed by those protected by the Bitters. In the tropics where every form of malarial disease threatens the sojourner, and is particularly virulent when developed, the Bitters is the best reliance of the inhabitant. For dyspepsia, liver complaint, lack of vigor, a poite appetite and sleep; for rheumatism and nervousness the bitters are a sure and safe remedy.

SERVED THE NEWS TO ANXIOUS FOLKS.

THREE EDITIONS OF THE GAZETTE SATURDAY.

Great Demand For News of the Strike Resulted in a Steady Call For Copies of the Paper—People of Janesville Had the News By Supper Time.

It was hard to get Gazettes on the street fast enough Saturday night. The Gazette dispatches covered the strike news fully up to 3:30 o'clock, and at 5 o'clock a second edition was issued, giving the news of the battle at Forty-Seventh and Loomis streets. These papers sold so fast that the supply was exhausted, and an extra giving the same news with later details was sent out at 6 o'clock. Boys with Gazettes made all the way from $1.50 to $3 for two hours' work.

None of the Chicago or Milwaukee evening papers that reached here Saturday night had any hint of the mob's encounter with Company C. The complete news of the startling day, however, was in the hands of Gazette readers for supper time. Newsboys were kept flying to every part of the business streets with supplies of papers and a steady run of people at the office throughout the evening satisified their desire for the latest information by getting copies of the Gazette Rumors were current that twenty men had been killed but this the Gazette was able to contradict positively. This was made possible by our connection with a well-equipped press association. The readers of the Gazette will get full and authentic reports and the latest tidings. Only 50 cents a month delivered in any part of the city.

Ninety Two Heard E. G. Tracy Sunday Afternoon—Orchestra Strengthened.

The meeting of the Y. M. C. A. yesterday was very interesting. E. G. Tracy, of Chicago, gave a very profitable talk. The music was good. E. O. Kimberly sang a solo. There has been an addition to the orchestra and the effect of the regular practice once a week is shown in the harmonizing of the several instruments. There were ninety-two present at the meeting.

NOTES FROM ABROAD.

Drunkenness is very rare in Rio Janeiro, coffee taking the place of alcoholic beverages.

The old salon of Paris received this year 3,420 pictures, nearly one-half of which were rejected.

The average density of population per acre in London is 57.7 and the average death rate is 23.2 per thousand. In some parts of Whitechapel, in the tenement region, the density of population is about 3,000 per acre and the death rate is 41.4 per thousand.

Dr. Finkler of Bonn, said, in a recent parliamentary discourse on hygiene, that of the 500,000 soldiers of Napoleon who perished on the Russian expedition of 1812, 400,000 fell victims to infectious diseases, and that in 1866 Prussia lost 5,000 men in battle and 6,000 through preventeble diseases.

PLEASANTRIES OF THE HOUR.

Nurse, at the circus—You are too big to be begging for peanuts. Arthur—I ain't, neither; I ain't half as big as that 'ere elephant.

Braggs—You look rather blue this morning, old man. Jaggs—I'm black and blue. I was green enough last night to tell a fellow twice my weight that he wasn't a white man.

Mamma—I was sorry to see that you took no trouble to walk lightly when you went into church to-day. Dickey—I didn't think it was late enough for any one to be asleep.

"And the prisoner, when arrested, was disguised as a woman?" said the magistrate. "Yes, your honor." "How did you discover his identity?" We told him his hat wasn't on straight and he didn't pay any attention to us."

Traveler—Is this here th' bureau of information? Railroad Clerk—It is. Traveler—Well, about six hours ago a feller took my watch an' sachel around th' corner to git my name engraved on 'em, so they wouldn't git lost, an' I wanter know if the engravers of this 'ere town are all out on strike.

Little Brother—Mr. Sewtor, why is it that my sister Hattie is always so good-tempered before you come here of an evening, and then so cross to me next morning? Mr. Sewtor—Don't know, Johnny, shall I ask her? Little Brother—Yes; I've heard her say lots of times she wondered why you didn't ask her, but I never thought it was anything about that.

An Irish woman works for some East side families. "Sure if I had nobody's business but me own to moind," says she, "I'd have little enough to do." NOT A PEST HOUSE BUT A HOSPITAL.

CONTRACT LET BY THE COMMON COUNCIL.

Wright & Summers Get $1235 For Doing the Work—Alderman Baines Proposes the New Title—Lower Story Finished off For a Home, the Upper Story in Wards.

Janesville is to have a detention hospital, and the "pest house" will be heard of no more. Wright & Summers, builders, have been awarded the contract to complete the new hospital, upon the city lots on North Bluff street, near Sharon.

The special council committee having the matter in charge, held a meeting on Saturday evening for the purpose of considering bids for building the same. All the committee were present—Aldermen Baines, Child, Rich, Kothman and McLean. There were nine bids received, as follows:

Henry Garbutt	$1,490 00
Daily & Billings	1,477 00
F Hurd	1,465 00
C. Pabst	1,460 00
Janesville Construction Company	1,365 00
H. B. Walker	1,350 00
William Garbutt	1,350 00
Van Vranken & Chase	1,283 50
Wright & Summers	1,235 0

The bid of Wright & Summers being the lowest, they were awarded the contract, and it is understood work will be commenced at once. The Detention Hospital, named by Alderman Baines, will be a two-story frame. The plans call for a sitting room, dining room, kitchen, and two bed rooms on the first floor and four small wards and one large ward on the second floor. It is expected that some family will occupy the building which they will get rent free.

Cars Driven by Compressed Air.

In a recent paper by M. Victor Popp of Paris, the author described the compressed air system used for propulsion on the Nantes tramways and on the line from Paris to Nogent-sur-Marne. On the latter line each car is fitted with nine steel storage reservoirs fixed underneath the car body, containing air at a pressure of 100 lb. to 176 lb. per square inch. Three of the reservoirs form a reserve in cases of emergency. The air is heated on its passage to the motor by hot water, which at starting has a temperature of 300 degrees Fahrenheit. The cars seat fifty passengers, and weigh upward of 14 tons. They will run twelve miles with a single charge on the level, but owing to the heavy grades one charge suffices for but 8½ miles, the consumption of air being 35 lb per mile on the grades and about 24 lb on the level. One objection to this system of traction is the great weight of the reservoirs. By providing for the automatic recharging of these reservoirs at feeding points distributed along the line, M. Conti has succeeded in reducing the weight required very materially. The feeding points are placed at intervals of about 1¼ miles, and the car as it runs over the points automatically makes connection with mains supplied from a central station, a stop of a few seconds only being required to fill the reservoirs.

Big Money in Ambergris.

The Sydney Bulletin is responsible for the following ambergris story: Two years ago one of Macgregor's (Tasmania) whaling captains, having cut the blubber from a whale, was about to cast the rest of it adrift, when there came alongside two Hobart fishermen—"Portuguese Joe" and his mate, an African negro. The Portuguese begged to be given the carcass, so that they might tow it ashore and make what they could out of it. "All right," said the skipper, with the generosity of a satisfied exploiter who knew the blubber business to its omega. Joe having got the leviathan's framework on the beach, began to search for ambergris, which drug was quoted at that time in the current price lists at somewhere about $65 per ounce. He found 174 pounds. Many people interviewed him and wanted to give him $25,000 to $45,000 for the lot; but the man understood the luck of his find. Meanwhile the ambergris was lodged in a bank, which was presently served with an injunction on behalf of the Macgregor firm to restrain the sale of the precious prize pending a discussion on the ownership. But these legal fireworks fizzled out and the ambergris is still being realized in London, the two fishermen having already received several thousand pounds apiece.

One thousand and sixty persons were killed in coal mines in Great Britain during the last year and sixty-five persons in metalliferous mines, both numbers being above the yearly average.

A Youthful Telegrapher.

Charles O. Laughlin of Casey, Iowa, is a little fellow not over 13 years of age, yet he has charge of a railroad telegraph office. He went into the office to carry messages, but soon learned the telegraphic alphabet, and in a few months could send and receive messages as well as many a full grown man. When the regular telegraph operator was given a better position little Charles was put in charge, and is said to do his work faithfully. The work of a railroad telegrapher is very responsible. His father is a railroad employe.

CHARLES O. LAUGHLIN.

Gold Production.

Current statistics of the country's gold product in 1893 estimate it approximating $36,000,000 — $3,000,000 more than 1892. The silver product for 1893 is estimated at a little over $78,000,000—a decrease of $6,000,000 from the previous year. The returns published in various papers lately show the yield of gold in Australasia for 1893 to be 1,876,561 ounces. Giving this a value of $20 an ounce would make that worth $37,531,240. It will be observed that Australasia produced more gold last year than the United States. For the first three months of 1894 the Witwatersrand district in South Africa has produced 467,056 ounces, an increase of nearly 50 per cent over last year. The South Africa gold, so reputed, is about 0.82 fine. If the African output is kept up during the year, the total will be about that of the United States for the same period. The average annual gold yield of the world for the last ten years has been $32,000,000.

Nerve of a Suicide.

Dr. George F. Grover, one of the best known and most popular physicians of Brooklyn, committed suicide in his office the other night by means of morphine. Before committing the deed Dr. Grover sent out fifteen telegrams to friends in different parts of the country announcing his death. Having attended to this he wrote a short note addressed to the public in which he said it was easier to die than to live. He then gave himself twenty injections of morphine and must have died in a very few minutes. Dr. Grover was prominent in church and Y. M. C. A. work for several years.

That oily and rough skin cured and the face and hands beautified by Johnson's Oriental soap; medicated and highly perfumed. Sold at Smith's Pharmacy.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than $16 to $30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

PEOPLE AGAINST THE STRIKE.

Whatever force public sentiment has on a strike is being exerted against Debs and his men in the present movement. There is no want of general sympathy with the interests of labor, and no disposition to defend or excuse the unjust treatment of laborers by corporations. But the people are opposed to the settlement of a local dispute between a single employer and his employes by the suspension of railroad facilities in the western states. The effect of such a movement is to confuse the whole business situation and inflict damage upon all classes of citizens. It is idle to talk about the right of any organization to take away from the people either directly or indirectly, the means by which they market their product and carry on the operations of trade. There is no such right and the assertion of it is an insult to the intelligence of society. It is well known in this case that the only pretense of justification for the arbitrary and injurious proceedings that have taken place relates to a matter in which the public has no interest, and which does not personally concern one in a hundred of those who are participating in the strike. The original issue has passed out of sight and the contest has assumed the nature of a wanton assault upon the rights of the people and the conditions of their prosperity and welfare.

There has never before been a formidable strike with so little provocation. The strikers are so clearly occupying an indefensible attitude that the people have no sympathy and no patience with their high-minded course. They may be very sure that they cannot be right when they are thus condemned, and they may as well realize that their chance of success is much lessened.

SHORT JUST $70,000,000.

There is now a national deficit of $70,000,000, a deficit that is growing steadily. When the republicans retired from power, they left behind them a record which presents a very significant contrast to this showing of democratic incompetency and misfortune. They so managed the financial affairs of the government that the revenue was ample for all purposes, and the public burdens were gradually lessened instead of being increased. The same laws under which they were able to pay all expenses and leave a surplus in the treasury have been in force during the past fiscal year, and yet the result has been one of the worst ever known in our history. This signifies that it makes a great deal of difference what party is in authority, even when no changes are wrought in the facilities and appliances of administration. The republican party had a definite policy, and the country always knew what to expect from it, whereas the democratic party is nothing if not uncertain in its sentiments and purposes, and so its course can never be accurately anticipated. This indicates the explanation of the hard times represented by the deficit for the past twelve months.

Senator Walsh has served notice upon Speaker Crisp that the road to a seat in the senate must pass over his dead body. Mr. Crisp knows he cannot be speaker of the house again—the next speaker will be a republican—and he will probably not allow himself to be frightened by the Irishman's spook.

Unless there is a change in the body-guard arrangments at Washington, Governor Tillman may not be able to use his pitchfork on Mr. Cleveland's ribs, even if he succeeds in getting to the senate.

Making labor day a legal holiday would be more highly appreciated if the democratic congress and administration had not preceded it with so many unwanted holidays for the laborers of the country.

A headline in an exchange asks "After the strike what?" Unless it shall end differently from all others it will be followed by more mortification and disappointment than anything else.

Mrs. Lease's failure to get a congressional nomination has so disgusted her that she is talking of going to England and Australia on a lecture tour. Wonder if she will take Mr. Lease?

Congressman Conn will probably find that running a daily paper in Washington is the most expensive advertising he ever did.

Is the attempt to tie up the railroads merely intended to boom Coxey's good road bill?

The country will soon know how strong a "pull" the sugar trust has on the democrats of the house.

Queer Nest of the Tontobane.

The oddest of all birds' nests is the one built by the tontobane, a South African songster. It is built of cotton, and always upon the tree producing the material. In constructing the domicile the female works inside and the male outside, where he builds a sentinel box for his own special use. He sits in the box and keeps watch or sings nearly all the time, and when danger comes in the form of a hawk or a snake he warns the family, but never enters the main nest.

Persian Way of Eating Watermelon.

"The ordinary Persian bill of fare sounds something like the banquets described in fairy tales," said G. T. Barnes lately. "While traveling in that country I found that the best overture to a wayside repast is a watermelon, not cut in slices as is done in this country, but eaten like an egg, one end being cut off and the contents eaten with a wooden spoon, the roseate fluid trickling all the time to the bottom and affording a fragrant drink when the first course is over."

Hon. William M. Evarts has a big flowing stream of pure water on his farm near Windsor, Vermont, known as Runnymede spring, and the Windsor authorities have gladly availed themselves of the privilege extended to them of supplying the town with it.

To the small list of surviving ladies who have presided at the White house a name unfamiliar to all but older readers has lately been added, that of Mrs. Dandridge, the surviving daughter of Zachary Taylor, and who was known at the White house as "pretty Betty Bliss." Mrs. Dandridge, whose first husband was Colonel Bliss, President Taylor's chief of staff, has been visiting Washington lately.

TROUBLE ON C.&N.W MAY CALL TROOPS

LIGHT INFANTRY BOYS SAY THEY ARE READY.

Car-Burning on the Northwestern Results in an Order That no More Freights Must Be Sent to Chicago—Passenger Trains Operate Without Trouble.

Freights were hurrying through here all day Sunday, and the procession was kept up to-day without a break. None of the trains go to Chicago, however. Orders passed along the line to-day to get every freight car out of the Chicago yards as fast as possible and to send none in until the end of the strike. The mob was burning Chicago & Northwestern cars to day.

The cars were fired at three different places inside the city limits within the past twenty-four hours. The most serious fire was at the Wood street crossing where the cars are located. They were saturated with oil and then fired. The blaze was discovered by the public in time to drive off the incendiaries and save the property.

Both the St. Paul and the Northwestern lines are running their usual passenger trains. The prospects of ample protection by the troops has given them courage to act.

Will Pack Their Knapsacks.

Light Infantry boys are prepared for a call into the field to assist in moving trains or in driving back the mobs that are placing an embargo upon inter state commerce. Considerable trouble exists at Spooner, Eau Claire, Hudson and Menomonee, and the troops that are now in camp at Camp Douglas are held in readiness for active duty against these mobs, should they be called for. Governor Peck and Adjutant General Falk are watching the developments at the different centers of the excitement, and have intimated that the troops would be ordered out at once if the necessity comes. Captain Glass of the Light Infantry has ordered the members of his company to appear at the armory this evening, for the purpose of preparing their knapsacks for marching, and for drill. People, therefore, need not be surprised should they hear the signal—three times twelve—given on the fire bell for the national guard to assemble at the armory.

RODE TO MADISON AND BACK.

J. L. Corrin and Harry Haven Make Quite an Excursion on Horseback.

J. L. Corrin and Harry Haven returned this morning from a trip to Madison and back on horseback. They started at half-past 3 Saturday morning and rode leisurely, reaching Madison about 2 o'clock in the afternoon. Mr. Corrin visited a brother and Haven spent the afternoon with his mother. Sunday evening after supper they started for Janesville and got here at 4 this morning. The distance as they rode it is forty-two miles. Horses and riders stand their eighty-four mile jaunt very well.

LOCAL TENNIS CLUB ORGANIZED.

S. M. Smith Is President—Twenty Members Is the Limit.

A tennis club of young men was organized at a meeting in the court house Saturday afternoon. These officers were elected:

President—S. M. Smith.

Lessons In the Theory of Music.

Miss Cornelius will give a short term of lessons in the theory of music. She finished the course at the New England Conservatory of music, Boston. The course of lessons which she has prepared will prove invaluable to all who are interested in the musical art. They should therefore avail themselves of this unusual opportunity to join a class in this work. The principal subject to be taken up are rhythm and accent, embellishments in music, grouping of notes, syncopation, rules for long and short slurs, rules for long and short grace notes, rules for crescendo and diminuendo, thematic treatment, analysis of the old dances, sonata, canon and fugue forms and history of musical notation. Miss Cornelius may be consulted at her studio, Court Street church block, up stairs.

FARM PARTNERS IN A FIGHT

W. H. Taylor of La Prairie, Arrested On Complaint of Jerome Terwillager

W. H. Taylor, of La Prairie, was arraigned in the municipal court this morning, on a warrant charging him with assault and battery, Jerome Terwillager being the complaining witness. Taylor and Terwillager were in something of a partnership in working a farm, and a dispute arose about the occupation of a house. Trouble ensued but no blood flowed, and the taking of testimony did not disclose that any very heavy blows were struck. Attorney C. E. Pierce appeared for the state and J. V. Norcross for the defendant. The forenoon was spent in the examination of witnesses. Taylor was discharged, the evidence not being considered sufficient to warrant a conviction.

WATER AT THE SCHOOL FOR BLIND.

Mains Have Been Completed and Were Given a Test Yesterday Morning.

The laying of the water main to the school for the blind has been completed and were tested yesterday morning, the contractors reporting everything in order. The water was turned on at 8 o'clock Sunday morning. The pipe line will be given an official test by Superintendent Pease, of the school in a few days. The water company agree to give three good fire streams at the state building. The laying of this extension releases the fire department from taking the fire steamer to the school in case of fire.

ALL THE TOBACCO PLANTED.

No Shipments Made in the Last Week Because of the Strike.

In reviewing the leaf situation the Edgerton Tobacco Reporter says: "The planting season has practically closed and as a general thing the crop stands well in the fields and is doing nicely. The early set fields are making very rapid progress, while a good shower is much needed for the advancement of the later plantings. Owing to the total demoralization of freight traffic over all roads throughout the country, shipments are an utter impossibility. Conway Bros. sold 34cs of '92. In new goods we have the following report: Conrad Olson 67ss at 7&8c.; D. C. Condon 16cs at 5&1c; Condon Bros. 14cs at 5&1c; E. Campion 35cs at 5½, 3&1c.; M. Bride 16cs at 6, 3&1c.; J. SHORT BOWER CITY NOTES

THERE are no new cases of small pox at Juda reported. One case resulted fatally and there are still two cases. The town is quarantined but it is claimed that the residents are thoroughly exposed.

THE South Main Streets played a picked nine made up from the La Prairies and the Shopieres Sunday afternoon. The score was 15 to 14 in favor of the Janesville boys. Russell and Ryan were the Main Street battery.

FERRIN GIRL CAN'T APPEAR IN COURT.

TRIAL OF HER ASSAILANTS IS POSTPONED.

Another Week Given in the Hope that She Will Recover Enough to be Present—Her Condition is Critical Some of the Young Rascals at Large.

The trial in a Beloit court of the gang of toughs who so brutally assaulted Elsie Ferrin, the little Shopiere girl, was postponed to next Monday. The girl was unable to appear against them. She may recover but her condition is very critical. Several of the gang are still at large. They are all young Beloit hoodlums who live on what they can extort from their families and were never known to work. Can-rushing is their favorite pastime and it was after a day of this that the Ferrin outrage occurred. The last one arrested was found in Delavan.

Sheriff Bear and Marshal Appleby took the six Beloit toughs from the jail this morning and escorted them to Beloit for preliminary examination. They were returned this afternoon.

"Bright boy o' yours?" "You bet!" "Be president some day." "Shouldn't wonder—he's mighty good at fishin'!"

"Is Snyder what you would call a modest man?" "He is that. Why, he is so modest that he always goes to sleep before beginning to snore."

Wife, tearfully—You have broken the promise you made me! Husband, kissing her—Never mind, my dear, don't cry. I'll make you another.

Would-be Settler—How is the death rate about here? Old Citizen—Waal, it's pretty cheap just now since the town doctors got to cuttin' prices.

Daughter, looking up from her novel—Papa, in time of trial, what do you suppose brings the most comfort to a man? Papa, who is a county-court judge—An acquittal, I should think.

A janitor was absorbed in a book when his wife said: "What are ye readin, Dennis?" "Oim readin' th' history of Napoleon Bonaparte. Moy! moy! what a janitor he would ov made!"

"Well," remarked Fogg, with a sigh of relief as he laid down his paper, "there is one thing I can be thankful for; I never saw my name in the police reports nor in the society columns."

PITTSBURG, Pa., July 9.—Pittsburg and Allegheny railroad men met yesterday evening and refused to have anything to do with the strike. This settles the possibility of a tie-up here unless a sudden turn of affairs should be taken.

Wild Cherry Phosphate, a delicious temperance beverage. Directions: One teaspoonful of Wild Cherry is sufficient for an ordinary half pint glass. Sweeten with a teaspoonful or less of sugar. To make a gallon of beverage, use 2 to 2 1-2 ounces of Wild Cherry and a pound of sugar. The most convenient for every day family use is to make a syrup. To a 25 cent bottle of Wild Cherry use 1½ pounds of sugar and 1 pint of water, hot or cold; mix all together until sugar is dissolved; then strain through cotton. One to one-half ounces of this syrup in a glass mixed with cold water makes a delicious and healthy drink, the same as we serve at our fountain every day.

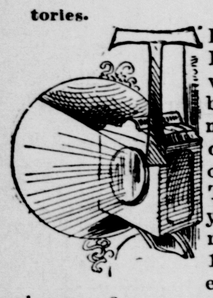
THE RAILWAY UNION AND ITS LEADERS.

MEN AT THE HEAD OF THIS POWERFUL ORDER.

Believe That They Have Solved the Question of Labor and Capital—Have Already Won Twelve Victories.



THE AMERICAN Railway Union which has lately been occupying so much attention is one of the wonders of organized labor. Though only two years old it has a membership of 1,000,000 employes, employing engineers, firemen, conductors, brakemen, switchmen, trackmen, car repairers, railroad telegraphers, and station agents on every road in the United States Canada and Mexico. No distinction whatever is made in the standing of members as regards their

PRESIDENT DEBBS.

particular forms of service; a trackman or laborer is as good as an engineer inside of the organization. The injury of one is the concern of all. In less than a year it is believed that every railroad employe in the three countries named will be members in good standing of the order. Few can as yet have any conception of what such an organization means. It virtually controls the transportation facilities of three nations and a single corporate act of unjustice to one of its members might lead to instant paralyzation of the carrying trade until the cause was removed. But when we take the fact that it is closely allied with all other labor organizations into consideration we get a glimpse of the immense influence it will exert on labor troubles generally. For instance if a wholesale clothing house does not deal fairly with its sewing girls and other employes, and a boycott is declared, no goods from that house can be transported on cars operated by the railway union. Its promoters naturally believe that they have solved the labor question, and, if winning a strike can be called solving it, they have certainly succeeded.

VICE-PRESIDENT HOWARD.

The recent convention of the order held at Chicago consisted of over a thousand delegates.

The American Railway union was organized in Chicago June 20, 1893. At that time there met Eugene V. Debs, George W. Howard, Sylvester

SECRETARY KELIHER.

Keliher, W. H. Sebring, L. W. Rogers, James Hogan and two or three other old-time railroad men, with whom the idea of such an organization originated. It was two months later that the first practical work was done. Since that time it has grown to its present membership.

During the ten months of its existence the organization has been called upon to settle twelve different disputes between railroad corporations and employes. In two cases, those of the Great Northern railroad and the Northern Pacific Terminal company, it was necessary to order a strike in order to gain recognition, but in each of the twelve cases the organization came out victorious. Its present officers are as follows:

President, Eugene V. Debs; vice-president, George W. Howard; secretary and treasurer, Sylvester Keliher; directors, Eugene V. Debs, George W. Howard, Sylvester Keliher, W. H. Sebring, Memphis, Tenn.; L. W. Rogers, Oshkosh; F. W. Arnold, Columbus; James Hogan, Ogden, Utah; George P. Kern, Indianapolis; J. A. Clark, Englewood, Ill.

The union does not draw the color line as some erroneously suppose. The question of color may, however, be decided by local unions.

Ultimately the union has a political design. It believes that the government should own and control every railroad in the country and will work politically to that end.

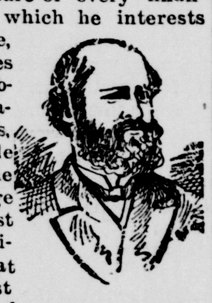
SAGE'S CRAZE FOR GOLD.

The Wall Street Financier Said to Be in Some Big Deals.

Russell Sage is becoming unique from the fact that he conceals with great care the nature of every financial operation in which he interests himself. Of course, no financier takes pains to make public the precise nature of his deals, but it is noticeable that during the past year Mr. Sage has become almost a mystery, so solicitous is he that not the slightest information of what he is doing in the monetary world shall be made known. Hence it has come about that several rumors, all more or less contradictory, have been set forth as to the extent of his recent deals. For instance, it has been surmised that he is the financier who has been interesting himself with the Rothschilds in an endeavor to corner the gold market and to set the tide of gold floating toward Europe, although it is not easy to see what object he can have in doing such a thing. At all events it is denied on behalf of Mr. Sage that he is concerned in any effort to influence the gold market at all. The gold idea probably has its origin in his fondness for the metal in the shape of ornaments. When he makes a present of anything to anybody—and he makes such presents more frequently than one would suppose in view of his reputation for "closeness"—it is invariably of some object made of gold. The qualities of that metal which he keeps in his Fifth avenue home would make a goodly sum if coined at one of the mints. But if he is in any gold deal as reported, he is successful in suppressing evidence of the fact.



RUSSELL SAGE.

The Island of Atlantis.

Among projected enterprises is one for the formation of an island, ten or eleven miles out at sea, off the coast of Long Island, with the object of establishing there a summer hotel, for the benefit of citizens who wish to keep cool and avoid mosquitoes during hot weather. The projector of this enterprise, Mr. Charles Coen, and a party of coadjutors went out recently in a steamer and selected the spot, planting thereon a buoy with an attached white flag with a single red star. The water at the selected place has a depth of about 70 feet. It is proposed to sink a group of sixty iron caissons each 15 feet in diameter and to erect the hotel building upon them. The spot selected is claimed to be outside the jurisdiction of the United States or any other nation; hence the corporation will be subject to no taxes and will be subject to no laws except its own legislation. Atlantis is to be the name of the new territory. There is nothing impracticable in the formation of an island in the manner proposed, and no great engineering difficulty stands in the way. Its accomplishment is chiefly a financial question. If the money is forthcoming—one million dollars is the estimated cost—the island can soon be created. The parties claim they can command the funds.

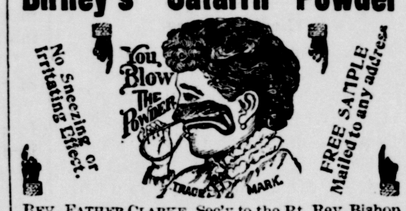
relieved instantly by one application of

Birney's Catarrh Powder



REV. FATHER CLARKE, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes;

GENTLEMEN:—I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good sisters speak most encouragingly of their use of it in the Hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering.

M. E. FERGUSON, Custodian U. S. Appraiser's Stores, Chicago, writes:

GENTLEMEN:—Being almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrhal Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 18 inches from my ear. I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve.

WON A BOY.

A Strange Prize at a Raffle in Buenos Ayres.

Captain Barrett of the American bark Carrie Winslow, which tied up lately at Pier 70, South wharves, Philadelphia, has on board one of the strangest prizes ever captured in a raffle. It is nothing less than a boy, a swarthy young Argentine, Juan Baptiste by name, whom the captain won at a raffle in Buenos Ayres. Juan is only 7 years old, and was an inmate of a Spanish orphan asylum at Buenos Ayres when the Winslow reached there on her last voyage.

Juan desired his liberty, but under the laws of the Argentine Republic that could only be secured by the payment of a cash sum that would go to a fund for the prosecution of persons taking out the orphans and then treating them badly. In Juan's case the amount required was $40, and in order to secure this the enterprising boy decided to put himself up in a raffle and sell the tickets himself. Captain Barrett became interested in the boy to the extent of $5 spent for tickets, and when the drawing was announced was somewhat surprised to find himself the winner.

The youthful prize has been installed on the Winslow as cabin boy, and though he has now been away from his native land several months, shows no desire to return to it. He is bright and intelligent, and as he evinces a decided disinclination to associate with the crew Captain Barrett treats him as one of his own family. Such raffles are said to be not uncommon in Buenos Ayres, but visiting foreigners rarely take part in them, owing to the responsibilities that devolve upon them in the event of winning.

NOT WORTH THE CANDLE.

A Crafty Old Negro Makes a Failure in His Financial Venture.

Old man Sam was sitting one morning in front of his cabin enjoying the warmth of the sun, while his two little grandsons played about his feet. Just then the two young sons of his former master, who were visiting in the neighborhood, strolled up to have a chat with Sam. After talking with him a while they handed him a bag of tobacco and a handful of cigars, and were about to leave him when they observed the children, and one of them asked whose they were. "Dem's my gran'sons, Mimy's boys," replied Sam. A sudden thought seemed to come to him as he looked at the young men, and a crafty look crept over his face as he added: "Dey's named after you and Mars' Andrew, Mars' Milton, 'cause dey's twins, jes' like you is." The brothers commented on the fine looks of the children and their wonderful difference in size for twins. "One twin ginerally is bigger'n t'er one," explained Sam. The young men smiled and gave each child a quarter as they left. They had scarcely turned the corner of the cabin when they saw through a crack Sam take the two coins from the children, look at them, and with a grunt of disappointment at what he considered the small return of his artifice, drop them into his own pocket. "Mimy," he called to his daughter standing in the door, "you call dem chillens Sam an' Jake, same ez you always done. Dey ain't no two-bit chillen. Hit's wuth a dollar to change dey names, an' I had to make 'em twins, too."

Ladies' Cards.

A lady's card should be very nearly square, a moderate size, fine in texture and, needless to say, white. If married, Mrs. should precede the name on an engraved card, and the husband's name should be given in full. The address is printed in the lower left hand corner and the engraving is invariably in plain script. When there are daughters, the elder is entitled to a separate card—as, "Miss Curtis," for example—only after one or two seasons in society. Up to that time she is supposed, and her sister also, to call only with her mother, upon whose cards their names appear.

Oldest Living Actress.

The distinction of being the oldest living actress in the United States is said to belong to Mrs. Rachel Cantor, whose home is in Philadelphia, but who is at present in Boston. She is 83 years of age, and until a dozen years ago she was on the stage. Mrs. Cantor is an Englishwoman. She made her American debut as a member of the elder Wallack's company, and she subsequently supported Booth, Forrest, and all the leading actors in legitimate drama in her time. Her last appearance on the stage was made in Boston in the early '80's.

A Disputed Case.

Many persons dispute the question as to whether or not baldness caused either by disease or neglect can be cured. In deciding the question allow us to say that most cases can be cured, while others can not. Only a specialist of years of experience can tell this. Professor Birkholz, the world-renowned German specialist of the Masonic Temple, Chicago, where those who desire a good head of hair or beard can consult him in private, and free of charge. After a thorough examination, which costs you nothing, we will tell you whether or not you may procure that trait of personal adornment so necessary to your existence, and if we find that the follicles are not all dead, we will treat you and guarantee the results or ask no pay. Call on or address Professor Birkholz, 1011 Masonic Temple, Chicago, Ill.

Hand this notice to any first class druggist and he will get the Remedy for you at once, if he has not got it in stock.

Children Cry for Pitcher's Castoria.

The Diplomatic Corps.

An interesting fact not generally known in regard to the diplomatic corps is that a member of that august body cannot, under the penalty of official reprimand and danger of recall, appear at a fancy ball in the national court costume. This fact was developed during the past winter when a large fancy ball was given at one of the private houses on the same evening of the presidential reception to the diplomatic corps. Those of the diplomats who attended the ball later in the evening were obliged to first change the court costume worn at the White house. Inquiry on the part of curious friends developed the reason just stated.

A COMMON QUESTION.

WHERE MAY WOMEN GO FOR HELP?

How Many American Women Have Asked This Question of Themselves.

[SPECIAL TO OUR LADY READERS.]

You may call it dangerous modesty if you will. It is in woman's heart, and is part of woman's nature.

She shrinks from telling her physical troubles to men.

During the past 20 years thousands of women throughout the world have written in womanly confidence to Lydia E. Pinkham at Lynn, Mass., and laid bare the life of misery they endured.

They wrote freely, knowing that their letters went direct to the hands of a woman who not alone understood their sufferings but whose heart was full of sympathy with them. The experience of thousands has proved how carefully their letters were studied, and how true and sure came the answer and helpfulness.

You may be suffering daily when you need not. You can tell the story of your pain to a woman, and get the help that only a woman can give.

A young lady from Boston writes to a friend, saying:—"They said I was consumptive, sent me away, told me to keep quiet, no excitement, no tennis. Just think of it! One day I found a little book called 'Guide to Health,' by Lydia E. Pinkham. In it I found out what ailed me, so I wrote to her; got a lovely reply. She told me just what to do, and I am in splendid health now."

The same assistance is waiting for you. *Lydia E. Pinkham's* Vegetable Compound has relieved more female suffering than any other medicine in the world.

CHIPS AND SHAVINGS.

Black River, Wis., policemen besieged a house for three hours in the full conviction that burglars were inside. They found a cow, which had entered through the kitchen door.

A Tacoma, Wash., couple have been married nineteen years and have fourteen children, all living. During the past ten years they have been divorced three times and as often remarried.

General Gibbon of Baltimore has secured a curious flag of truce which was used by the Florida Indians in 1849. It consists of a bunch of white feathers, a string of white beads and a piece of tobacco.

A New Yorker advertises for a lost cat named "Snooperkatz," which he admits was exceedingly dishonest. To a Sun interviewer the disconsolate owner said: "Why, sir, that cat would climb up the screen door of the elevator and push the button; and as soon as he saw the elevator coming up he would run down the stairs and eat up the elevator boy's lunch."

Mr. G. H. Parker of West Medway was refused admission to a Boston theater several days ago because he presented himself at the ticket office and wished to go in and see the performance in his shirt sleeves. While Mr. Parker is said to be a clean, sober, well-behaved gentleman with lots of money, he believes that people nowadays wear too much clothing and consequently he refrains from wearing either a coat or overcoat.

SELECT PERSONALS.

Mrs. Frances Hodgson Burnett is deeply interested and an active worker in a London charity that furnishes comfort and amusement for little children who are incurable invalids.

William Lee, Boston's veteran publisher, began business in 1837. The favorite books at that time, and he sold many of them "on the road" were the bible and the "Pirates Own Book."

The emperor of Germany is exceedingly partial to horseback riding. In the course of last winter ten handsome animals were trained in the royal stables at Potsdam for his personal use.

Henry W. Grady a son of the Georgia orator has been admitted to the bar at Atlanta, after passing with credit a severe examination. He resembles his father both in appearance and mental endowment.

The popularity of the Waverly novels is attested by the remarkable fact that for the last thirty years no fewer than thirty hands have been uninterruptedly engaged by one Edinburgh printing firm in producing Sir Walter Scott's works.

Meyerbeer in his last will ordered his musical remains to be untouched for thirty years after his death. That time has expired, and it is reported that among his papers is a nearly complete long opera in which young Goethe is the center.

Harper's History has heretofore always sold from $16 to $30, now controlled by us and sold **to our readers only** at 10 cents each double part of 32 double parts of 32 big pages accompanied by three coupons—same price as others ask for only 16 little pages. See coupon in another column.
